

WorkSimpli

Conference Tables

Collaboration

Flexibility in the workspace is all about options. It means getting away from the workstation, whether in break-out areas, conference rooms, cafés, or anywhere else. NDI conference options are designed around the way people work in groups. NDI has a variety of tables styles and sizes to support any type of activity. From conference tables to collaborative tables, to private offices, NDI offers all you need to support a productive work environment.

Solutions

The NDI solution to conference and collaboration areas is to offer variety. With multiple worksurface shapes and sizes, creating the optimal work area for your space is a reality. Pairing this with a selection of base styles, your collaboration space will have the style that fits your image and budget.

Style

The NDI solution encompasses modern laminate finishes to enhance the feel of your workspace. Stylishly flexible to offer two-tone tops and bases for a unique look that matches your taste. A modern metallic look is always an option with our metal bases and accents.
